## Instruction

designed to meet all your needs:

At my golf course facility we are able to fully address a variety of learning situations. This is important because a comprehensive improvement plan should include all aspects of the game.

### Instruction is available for:

full swing | chipping | putting | pitching  
playing | bunker | pre-shot

## CORE Programs

The best approach to reaching your improvement goals. You can combine playing and sessions at the range and indoors for a focused instructional experience.

5, 8 or 12 Session Programs available

## Private Individual Lessons

This is the traditional approach to learning the game. Individual instruction based on the abilities and needs of the student. The learning process is often enhanced through the use of:

1. Video
2. Launch Monitor
3. Training Aids
4. Drills

## Group Lessons

Perfect for persons who enjoy a shared learning experience. Somewhat individualized instruction based generally on the same theme for all participants.

## Playing Lessons

This is the best way to isolate areas of your game that need attention. Where better than the golf course to learn to play golf!

## High School Team Player Development

Highly Individualized instruction for the high school team player looking to improve his/her performance in competition for junior tournaments, high school and college.

*You can learn to play better golf*
